745k+ daily average grubs

80% of the U.S. population

4,000 cities

100s of college campuses

### We're growing!

As of Q1 2021, Grubhub had seen:

**60%**

Year-over-Year  
(YoY) increase in  
Gross Food Sales

**38%**

YoY increase in  
Active Diners

**44%**

### Grubhub Marketplace drives incremental orders

Capture net new diners with Grubhub. Our restaurant partners see a less than 2% overlap between the diners that order on their branded channels and the millions of diners that order on Grubhub Marketplace.

### Grubhub is here to support you

We're investing in our restaurant partners. We spent **\$85 million** so far this year driving more orders to restaurants through Grubhub-funded coupons, reduced diner fees, and increased advertising. This investment **stimulated more than \$200 million of incremental sales for our restaurant partners.**
